¹ Online classes broadcast twice weekly for four weeks.

² On-Demand classes are available year-round.

³ Schedule shows Digital Health Canada-hosted CPHIMS-CA exam sittings. Exams may also be written at AMP and Prometric Testing Centres at any time. Visit digitalhealthcanada.com for instructions on how to register.

EXAMS

Write the exams to earn the Certified Professional in Healthcare Information and Management Systems – Canada (CPHIMS-CA) credential. The credential (valid in Canada and the U.S.) validates professional competency and proves the ability of a digital health professional to perform safely and effectively in a broad range of practice settings. Organizations with CPHIMS-CA certified professionals find it helps:

- Deliver healthcare innovation projects with greater impact/lower costs
- Contribute to patient safety and healthcare delivery accountability
- Demonstrate professional competency in globally respected HI criteria
- Raise the profile of HI as a profession
- Recruit and retain top-quality HI staff

EDUCATION

Prepare to successfully challenge the CPHIMS-CA Exams with Digital Health Canada education. Classes provide a deep understanding of the Canadian healthcare system and the critical topics underlying Health Informatics and CPHIMS-CA:

- How information technology intersects with healthcare leadership and management
- The importance of privacy and security in healthcare delivery
- How to analyze and design the optimal system for any healthcare environment

Only Digital Health Canada offers instruction from industry experts combined with proven supporting materials and multiple exam sittings.

EVENTS

Digital Health Canada events connect, educate, and inspire digital health professionals across the country.

Events like Executive Symposiums, National and Regional Conferences, Half-Day Conferences, Breakfasts, and MeetUps foster network growth and connection and bring together ideas from multiple segments for incubation and advocacy.

Digital Health Canada is member-supported not-for-profit professional association that connects, inspires, and educates the digital health professionals creating the future of health in Canada.
