Digital Health Canada  
**Membership Benefits**  
for individuals and  
students, organizations,  
startups, and academic  
institutions!

“Being part of a professional association with well established, well regarded, influential professionals is important as we, as a professional community, promote and advance health information.”

– CINDY BELOFF-DRAYCOTT  
WOMEN'S COLLEGE HOSPITAL

Digital Health Canada connects, inspires, and educates the digital health professionals creating the future of health in Canada.

Our members are a diverse community of accomplished, influential professionals working to make a difference in advancing health and healthcare through information and technology.

Digital Health Canada fosters network growth and connection; brings together ideas from multiple segments for incubation and advocacy; supports members through professional development at the individual and organizational level; and advocates for the Canadian digital health industry. We offer:

### **Group Membership**

For public sector, private sector, and government organizations operating in the digital health ecosystem with three or more employees who would benefit from membership.

### **Startup Membership**

For healthcare information/digital health Startups investing in membership for up to two employees.

### **Individual Membership**

For anyone with an interest in digital health or advancing healthcare through digital technology.

### **Academic Institutional Membership (AIM)**

For schools with a faculty of healthcare, health informatics, digital health, or IM/IT

### **Student Membership**

For individual students studying healthcare, health informatics, digital health, or IM/IT full-time at an accredited academic institution

### **CHIEF Executive Forum**

An interactive, trusted environment for senior professionals and leaders in digital health and healthcare.
